Scholarship Committee

Missouri Chapter, ACI

Dear Committee Members:

I am writing on behalf of Mr. Wei Wang who is an applicant for the ACI Belarbi Scholarship for graduate students. I have known Wei for about three years when he served as a grader and taught the laboratory portion of Structural Analysis. He was very conscientious regarding getting the graded work returned to the students in timely fashion while at the same time being thorough and explaining how the grades were determined. In the laboratory he was always prepared for the experiments and explained the procedures very clearly. Overall, he his work was exceptional and he was very important in accomplishing the course goals.

Mr. Wang has an excellent background with several years of work experience in the structural analysis and design and his graduate work here will no doubt lead to a very successful career as a professional engineer. I am pleased to recommend him for strong consideration as a recipient of the Belarbi Scholarship.

Sincerely,

A handwritten signature in black ink that reads "Jerry R. Bayless".

Jerry R. Bayless, PE

Associate Professor
